MARKED-UP COPY

3. (Amended) The ink set according to claim 1 [or 2], wherein said yellow ink is such that the output color thereof through ink jet output has a reflectance in a range of 55 to 80% under a D50 light source at a light source wavelength of 540nm.

4. (Amended) The ink set according to [any of] claim[s] 1 [through 3], wherein said yellow ink contains a yellow pigment as a colorant.

6. (Amended) The ink set according to [any of] claim[s] 1 [through 5], wherein said magenta ink contains C.I. pigment red 122 and/or C.I. pigment red 202, and said cyan ink contains C.I. pigment blue 15:3 and/or C.I. pigment blue 15:4.

7. (Amended) The ink set according to [any of] claim[s] 1 [through 6], wherein each of said yellow ink, said magenta ink and said cyan ink contains a pigment as a colorant, and a block copolymer (I) as a dispersant for dispersing the pigment;

wherein said block copolymer (I) has an AB, ABA or ABC structure;

wherein block A is hydrophilic;

block B is hydrophobic and contains at least 30wt% based on the total weight of block B of a non-acrylic monomer selected from the group consisting of

(1) molecules having the general formula CH_2=CH-R, where R is a C_6 to C_{20} optionally substituted alkyl group, aryl group, aralkyl group or alkaryl group,

(2) molecules having the general formula CH_2=CH-OR^1, where R^1 is a C_3 to C_{20} optionally substituted alkyl group, aryl group, aralkyl group or alkaryl group,

(3) molecules having the general formula CH_2=CH-O-C(O)R^1, where R^1 is as in (2) above, and

(4) molecules having the general formula CH_2=CH-NR^2R^3, where R^2 and R^3 are each independently H or a C_3 to C_{20} optionally substituted alkyl group,

aryl group, aralkyl group or alkaryl group, with the condition that R^2 and R^3 are not both H; and

block C can be freely chosen.

8. (Amended) The ink set according to [any of] claim[s] 1 [through 7], wherein

each of said yellow ink, said magenta ink and said cyan ink contains a 1,2-alkanediol.

9. (Amended) The ink set according to [any of] claim[s] 1 [through 8], wherein each of said yellow ink, said magenta ink and said cyan ink contains an acetylenic glycol type surfactant.

10. (Amended) The ink set according to [any of] claim[s] 1 [through 9], further comprising a green ink.

13. (Amended) The ink set according to [any of] claim[s] 1 [through 12], further comprising a black ink.

14. (Amended) The ink set according to [any of] claim[s] 1 [through 13], further comprising a light magenta ink and a light cyan ink.

15. (Amended) The ink set according to [any of] claim[s] 1 [through 12], further comprising a black ink, a light magenta ink and a light cyan ink, wherein each of said black ink, said light magenta ink and said light cyan ink contains a pigment as a colorant, and a block copolymer (I) as a dispersant for dispersing the pigment;

wherein said block copolymer (I) has an AB, ABA or ABC structure;

wherein block A is hydrophilic;

block B is hydrophobic and contains at least 30wt% based on the total weight of block B of a non-acrylic monomer selected from the group consisting of

(1) molecules having the general formula CH_2=CH-R, where R is a C_6 to C_{20} optionally substituted alkyl group, aryl group, aralkyl group or alkaryl group;

(2) molecules having the general formula CH_2=CH-OR^1, where R^1 is a C_3 to C_{20} optionally substituted alkyl group, aryl group, aralkyl group or alkaryl group,

(3) molecules having the general formula CH_2=CH-O-C(O)R^1, where R^1 is as in (2) above, and

(4) molecules having the general formula CH_2=CH-NR^2R^3, where R^2 and R^3 are each independently H or a C_3 to C_{20} optionally substituted alkyl group, aryl group, aralkyl group or alkaryl group, with the condition that R^2 and R^3 are not both H; and

block C can be freely chosen.

18. (Amended) A recording method, wherein an image is formed on a recording medium using the ink set according to [any of] claim[s] 1 [through 17].

19. (Amended) A recorded article, comprising a recording medium having an image formed thereon using the ink set according to [any of] claim[s] 1 [through 17].
